SPEAKER: Mr. President, members of the Legislature. I do not like to be disruptive and leave Select File at this time, but I don't believe we have any alternative. I believe we must finish LB 589 at this time, then 577, then 610 and 611. These are deadlocking bills that this body must get off General File, or we cannot complete our work even in 90 days, if we want the opportunity for an override. I think that's the prerogative and a responsibility of this body to determine at that time if they wish to have an override. Otherwise, there is no way to provide this possibility for this body. I'm asking that we do leave Select File at this time. We will continue it tomorrow morning. At least we will have the E & R initial work done on 610, 611, 577 and 589. I move that we go then to 589 at this time.
